

15 YEARS OF IMPACT

2011-2026

From simplifying Nigeria's
budget to helping citizens
track, question and influence
public resources.

2014

BudgIT helped increase the number of Nigerian states publishing their budgets from 3 to all 36 states, creating Nigeria's largest archive of subnational budget data.

“

N175 billion in questionable projects exposed

BudgIT exposed 270 questionable projects inserted into Nigeria's federal budget.

2017

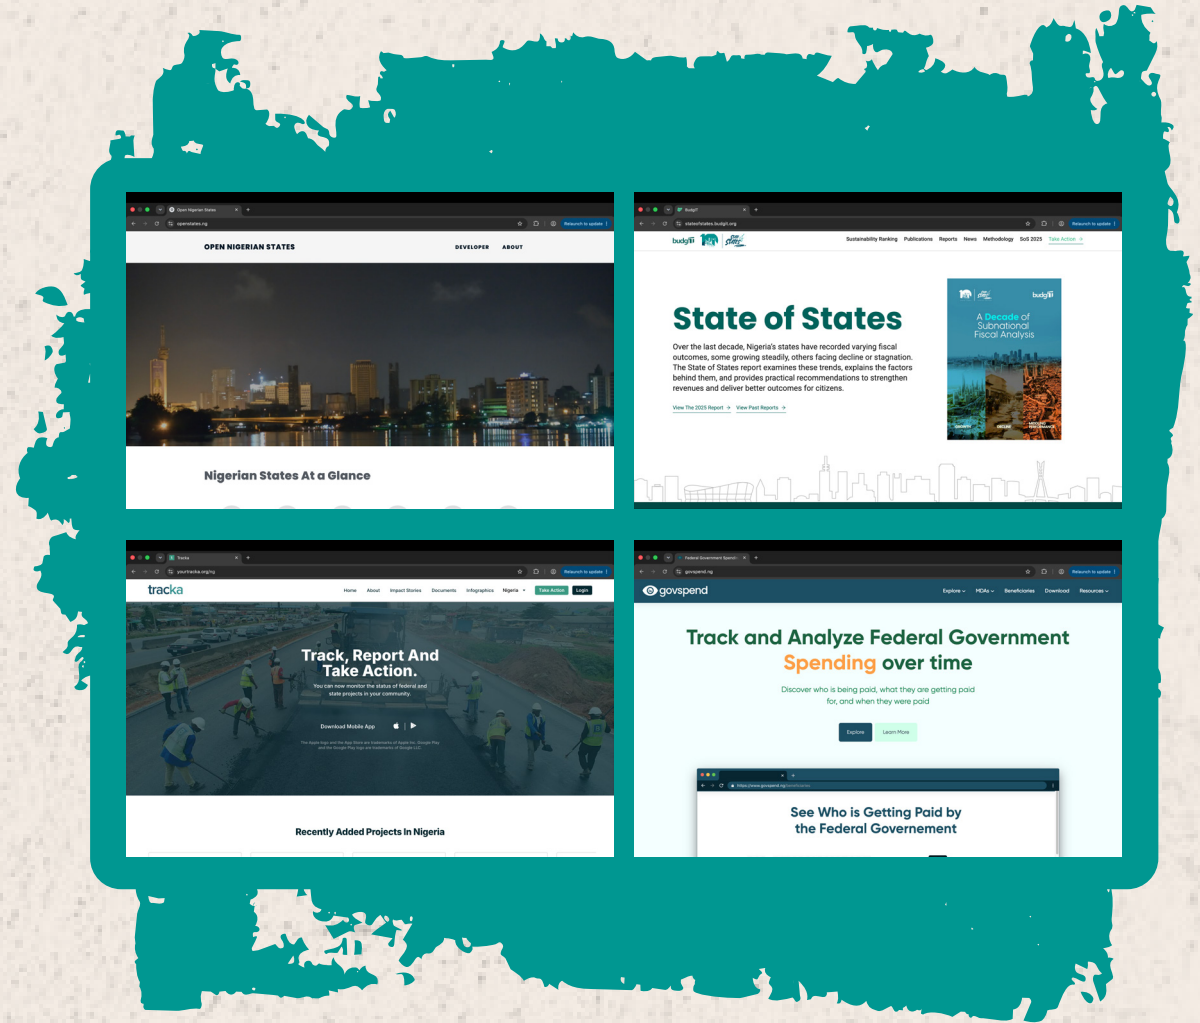

2018-2020

BudgIT developed tools that made public finance easier to understand and investigate, including Tracka, GovSpend, Open States and State of States.

tracka

STATE OF STATES

govspend

BudgIT led the Pan-African COVID-19 resource tracking project, aggregating more than \$12 billion in aid across Africa.
